

Dear Sunday School Class leaders:

In the past few months, several HPUMC members have been in and out of the hospital without the benefit of our prayers or visits because we did not know they were there. Prayer helps us heal, and a visit from a Pastoral Care team member can lift spirits and renew hope. From noon on Friday through Monday morning and (after hours everyday) a Minister may be reached by calling the emergency phone at 214.802.1807.

Please let us know when a church member is ill or in the hospital – you can phone 214.523.2231 (leave a message if no one is there to take your call), or email Cheryle Robbins, [pastoralcare@hpumc.org](mailto:pastoralcare@hpumc.org) with your message.

Thank you for keeping us in the loop!
