The fundamental mission of the CDP Advisory Council is to foster the growth and enrichment of the students and their families, support the mission of the HPUMC CDP and work with the CDP Director, parents and the church to promote and maintain the highest quality education and care for our children.

In light of this mission, please state the reasons you are interested in serving on the Advisory Council.

The Advisory Council currently serves the CDP through the work of its Project Teams. The Advisory Council determines the nature of projects and members are asked to select a project to serve on during their tenure. Projects generally last 12 – 18 months. What ideas, thoughts or concerns do you believe may need to be addressed by the group that could lead to Project Teams?

Please give some information about yourself, including work and/or non-profit experience as well as personal talents you would share with the Advisory Council:

Applicants will be contacted with further information.

Please contact the CDP Office at 214-521-2600 with questions or visit www.hpumc.org/pages/cdp_parents.
